

SelfCustody21 — Direct Dice-Roll-to-Word Table

Roll 5 six-sided dice (D6). Read them in a fixed order (e.g. left to right). Find that exact 5-digit combination below to get your word directly — no math needed.

Word 24 (checksum) cannot come from dice — compute it afterward on an air-gapped, open-source device (Blockstream Jade, Coldcard) with Wi-Fi/Bluetooth off.
